Subject: Objection to Transport and Work Act Order to the DfT for a new busway to SE of Cambridge

Dear Sir/ Madam

I (Clare Kinnear) of [REDACTED], am writing to make a formal objection to the 'Application for a Transport and Work Act Order to the Department of Transport for a new busway being built to the southeast of Cambridge, as submitted by the Cambridge Greater Partnership on 9th January 2025.

The grounds for my objection as as follows:

1) The construction of 5 miles of new road through open countryside is completely unnecessary when another more practical version of the scheme was proposed in 2018 to involve building sections of a bus lane alongside the current A1307 and an additional mile length of new road for the busway.

The previous scheme would be so less destructive to our beautiful countryside park plus would avoid leaving a scar into the landscape of the Gog Magog Hills which would be catastrophic for the Cambridge area.

2) There are already numerous cycle routes in this area already under construction.

3) It is unlikely that residents of Stapleford, Great Shelford and Sawston will make use of the proposed 5 mile busway since the bus stops will be located on the outer edges of the villages, and uphill!

I would be grateful if you would consider my objections against the conucil's plans for this busway.

Yours faithfully

Clare Kinnear
