Dear Sir,

I support the upgrade of the railway but am disappointed that no details of alternative routes have been made available. The detrimental impact on daily life in the area has the potential to be enormous, therefore the time taken must be given to serious consideration. As a resident my concerns post upgrade, are not the speed and capacity but the frequency of the trains.

I object to the closure of Moorgate crossing. The proposed alternative route remains a dangerous one, finishing on a busy road without a footpath. A bridge crossing would be a safe alternative.

Yours faithfully
Patricia Warham
