Subject: Objection to proposed Cambourne to Cambridge busway
Date: 08 January 2025 13:26:51

To The Secretary of State for Transport, Heidi Alexander MP.

Dear Secretary of State,

I am writing to you as a resident of the Gough Way estate in Cambridge as I have concerns about the proposed Cambourne to Cambridge busway, an application for which was submitted by the Greater Cambridge Partnership (GCP).

Specifically, I believe that planned extra drainage into Bin Brook due to the proposed new bridge may significantly increase the flood risk, and severity of flood incidents, for the estate, and the GCP's flood risk modelling does not adaquately address the possible impact of increased flow rates through Bin Brook. Bin Brook is already at a high risk for flooding and there were eight flood alerts from the Environment Agency in 2024, so any changes which may increase flow into Bin Brook should be carefully considered.

Yours sincerely,

Alexander Selby
