Subject: Objection to Transport and Work Act Order to the Department for Transport for a new busway to the southeast of Cambridge Cambs

Dear Secretary of State for Transport;

I Nigel Seamarks ; address below; object to the new busway to the southeast of Cambridge; submitted by the GCP :-

1. The damage to the Gog Magog Landscape is too great ; the work of the Magog Trust over the years before our times; has meant today's generation enjoys a wonderful and very rare experience. This generation must pass the baton to the next generation. Our dog enjoys the experience and unique nature of the walks too.. . <https://www.magogtrust.org.uk/visitor-information/dog-walkers/>

2. The GCP 2018 view of the scheme was acceptable and delivers growth. It is not necessary to bulldoze a local treasure when options are available. This variation is harmful to the environment.

I am cyclist and I am equally concerned about the great infrastructure delivered but not maintained by Cambridgeshire County Councils; punctures are a real painful experience.

Please protect the Gog Magog experience for this generation and the next; view and landscape.

Nigel Seamarks
