Subject: Paget Road, REsex, Railway Crossing Proposed Closure

Dear Sir/ Madam,

The Paget Road Railway Crossing has never experience an accident over 140 years and is a flat convenient. Alternative access roads are unmade (unadopted), rocky, very steep and very narrow as befits a small Medieval village. I have  after a climbing fall, and find the level Railway crossing at Paget Road is my main access to the Railway station, buses and shops.

I am adamantly against your proposal to close the Paget Road crossing. This will reduce the quality of my life on a daily basis, as I do not have a car and rely on buses and trains or walking for access to my work and activities.

Please reconsider.

Warm Regards

Janita Erica Le Fevre

B.A. Hons, PGCE, NCNE.
