Dear sir or madam,

Please except my letter as a OBJECTION to construction of a Busway from Cambourne to Cambridge Using the route through a wonderful area of beauty and conservation,

I would like to say I'm in favour of improving transport into and from Cambridge. I agree that buses taking more people or a train network would be valuable But not where it's planned . It beggars belief that the best option to that being constructed on the Road and not through Green Belt is being ignored ! When it's ...

Cheaper

A Better link up

Less rural destruction

I can only think that a bigger picture is in the frame and the planners and land owners (hopefully not government) are not being totally open to Why they want it there

In a time when we are going to need every bit of agricultural land to feed us and a huge global uncertainty now hangs over us We must plan to how we will be in a few years we must and should protect all greenbelt
