I object to the proposed closure of the Moorgate crossing footpath FP209 in Uppermill.

I have regularly used this crossing over the past 40 years or so in total safety. There are excellent sight lines at this crossing in both directions and I see no need for the alternative diversion via Ladcastle Road.

Direct access to the Moorgate Quarry leisure area is essential to support its continued use and development. There are also excellent convenient connections to the public footpath routes over the golf course and to the wider footpath network which many walkers use and cherish.

John Hodgson
