Subject: Objection to Transport and Work Act Order to the Department for Transport (DfT) for a new busway linking Cambourne to Cambridge
Date: 07 January 2025 17:45:22

I do not support the above scheme as in my opinion since Covid peoples way of working has changed the destruction that will be caused by this proposed busway has not been reassessed since the pandemic. If not has to proceed why can it not follow existing roadway. The suggestion that it is to go part way through Coton Orchard, a wildlife site which is the largest ancient orchard still remaining in East Anglia and the eighth largest in the whole of the UK, my understanding is that it could destroy up to 500 trees

This cannot happen and must be reassessed
