Subject: Greater Cambridge Partnership - busway application

To Whom it may Concern.

I wish to add my name to the many who have objected to this scheme.

The grounds of my objection are:

- 1) despite 'consultations' practically no notice has been taken of local people, especially those living in the area
- 2) the questionnaires ask biased questions designed to produce answers that appear to support GCP's ideas
- 2) the GCP is not a representative body or authority
- 3) the environmental damage will be devastating as it will add to the already overdeveloped areas around Cambridge city

4) a far better solution would be to improve the A428/M11/A14 intersection - an opportunity missed when the multimillion £ improvements were made to the A14 Huntingdon bypass as commuter traffic is still forced on to a local, minor road (Madingley Road)

5) this plan further compromises agricultural land (a dwindling resource around Cambridge)

Yours faithfully,

Dr M.S. Wilson
