I wish to object to the proposals in the Network Rail Stalybridge to Diggle TWA order.

We have not had any information about the proposed diversions and how these will affect the lives of residents.

I am worried about the emergency services not being able to get access in very time critical situations.

Also the chaos with delivery vans, buses and trucks where there is normally delays to moving traffic due to these.

We appreciate that work has to be done but there has been very little communication as to how this is going to be managed.
