Subject: Cambridge

The Greater Cambridge Partnership is applying for a Transport Works Act Order to build the Cambridge South East Transport busway from the Biomedical Campus (Addenbrooke's Hospital) to a large Park and Ride site at Granta Park.

I object to this application because I strongly believe that a busway is not the right way forward. I believe other public transport options, such as rail, light rail or tram options should be considered and evaluated.

Your sincerely
John Lenihan
