Subject: Objection to Transport and Work Act Order to the Department for Transport (DfT) for a new busway to the southeast of Cambridge Cambridge

FAO Secretary of State for Transport

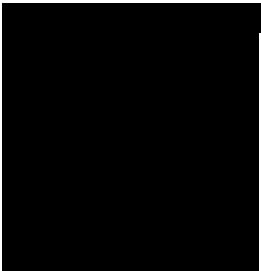

I am a resident and council tax payer in [REDACTED] and affected by the above proposal.

My main objection, which I believe your colleague Rachael Reeves would agree with, is the wilful waste of £100 million by choosing the more expensive, most damaging plan, in the face of plenty of evidence showing a better logical route.

There are many other environmental reasons to reject the proposal but I think £100,000,000 is the most persuasive.

Yours sincerely

Dr Nigel Bennee
