You don't often get [REDACTED]. [Learn why this is important](#)

Dear Department for Transport,

I am making an objection to the proposal in the Order to extinguish the Public Footpath crossing at Moorgate, Uppermill.

The proposed replacement bridge is needed because no alternative exists to this well-used Right of Way between Ladcastle Road and Oldham Road/Uppermill High Street except by means of FP 224. This latter route, despite the original provision of an underbridge and some planned improvements, will remain inherently unsuitable for use by most of the travelling public.

Yours sincerely,

G A Bywater
