Dear Madam,

I wish to stress how much I am against this Appeal and I beg you to refuse it point blankly.

The area is an area of outstanding natural beauty with many endangered species living on it.

It is a much loved and used Green space which are now rarer than ever.

The amount of Lorries that this will need and produce will be a living nightmare as the roads and infrastructure cannot cope with the traffic as it is. The diesel fumes will be intolerable

and have a huge detrimental effect on everyone health. Dust clouds will be a permanent feature . Lastly the bromide plume has not been dealt with and will enter the water table.

Please I beg you refuse this Appeal once and for all!

Yours faithfully

Tony Eyan
