Dear Sir,

Thank you for our e-mail. Is it possible that you could provide me with a postal address so that I can formally register you as an objector to these proposals.

Yours faithfully,
Caroline O'Neill

Subject: Rail crossing closure.

Dear Sir / Madam,

My wife and I are writing to oppose the proposed closure of footpath 189.

We use the crossing regularly to visit our daughter, husband & grandchildren. If this crossing was to close we would have to use the car to visit them as we both have limited ability to walk long distances and this closure would mean a walk of approx five times the distance.

This crossing has a high footfall and it's closure would have a massive impact on the local community. There are two secondary schools on the north side and a large number of pupils use it. Closing the crossing would mean a longer journey time or a car journey for them and cause huge inconvenience with more vehicles on our already overcrowded roads.

We would also question why this crossing has recently undergone major changes at huge cost to us taxpayers if the intention was to close it !!!!!

Regards,

John & Pauline Boxall.
