Subject: Cambridge:GCP submission for C2C bus way.
Date: 08 January 2025 16:48:32

Respectfully, I would like to raise an objection to the current GCP
Plan that would take the C2C busway across the West Fields and the Flood Plain.
This proposed route has raised so many contentious and dubious issues threatening the environment in this area that suggest that an alternative route be considered.
In particular, the recent proposal of a specially constructed bridge, to avoid the floods that potentially threaten in the immediate vicinity is especially questionable. Bin Brook has caused severe flooding within recent memory and I would like to ask for a reconsideration of the current proposal.

With many thanks for your kind attention to this,

Yours, truly,

J K Chadwick-Jones
