Dear sir/madam,

I would like to register an objection to the application submitted by the Greater Cambridge Partnership for the proposed Cambourne to Cambridge guided busway.

The proposed new bridge and embankment crossing Bin Brook near Clare Hall could increase the flood risk to the Gough Way estate by acting like a dam. The application does not demonstrate an assessment of the flood risk **upstream** of the new bridge and the increase risk of flooding upstream of the C2C boundary area.

The application submitted only demonstrates flood risk in the immediate vicinity of the new structure.

Any new structure causing **additional** flooding to residential property, contravenes Government policy.

Regards

Kevin Jestice, property owner
