Subject: Objection to Stalybridge–Diggle TWA Order – Use of Mill Lane, Mossley
Date: 15 December 2025 18:12:28

> You don't often get email from [redacted]. Learn why this is important

Dear Sir or Madam,

I am writing to object to the Stalybridge to Diggle Transport and Works Act (TWA) Order, specifically the proposal to use Mill Lane, Mossley for construction traffic associated with the Mossley Station works.

While I support improvements to the railway, Mill Lane is not a safe or suitable route for construction vehicles. It is narrow, steep, and partly one-way, with limited visibility and regular pedestrian use. The presence of a school directly on Mill Lane makes any increase in heavy vehicle movements particularly dangerous, especially at school drop-off and pick-up times.

Using Mill Lane for construction access would significantly increase safety risks and disruption for residents. I strongly urge Network Rail to identify alternative access arrangements that avoid Mill Lane and other residential streets.

Please ensure this objection is taken into account as part of the TWA Order decision-making process.

Yours faithfully,

Victoria Grundy, [redacted]
