Subject: Fwd: Objection to Transport and Work Act Order to the Department for Transport (DfT) for a new busway to the southeast of Cambridge

To the Secretary of State for Transport

I, Pamela Sutton (Mrs.), of [redacted] am writing to make a formal objection to the "Application for a Transport and Work Act Order to the Department for Transport (DfT) for a new busway to the southeast of Cambridge", as submitted by the Greater Cambridge Partnership (GCP) on 9 January 2025.

I am quite appalled at the suggestion of constructing a 5-mile section of new road through open countryside costing £162 million, thus desecrating the beautiful green belt in this area of South Cambridgeshire.

Not only is it fundamentally unnecessary to wilfully destroy the natural habitat of many mammal and bird species but it is short-sighted planning that will deprive younger generations of enjoying and respecting the countryside around Sawston, Stapleford and Shelford.

The Greater Cambridge Partnership needs to reflect on the potential damage the scheme will create for the future. Its proposal must be scrapped immediately.
