Subject: Objection to the bus road plan in South Cambridgeshire

Good afternoon,

This is to object to the 5-mile bus road construction between Babraham and the Biomed campus.

In fact, this will not improve the traffic considerably compared to the better alternative, which will also preserve the countryside (which is in relation to people's health).

Thank you for reconsidering better options before contributing to a less healthy environment and before spoiling the beautiful countryside.

Kind regards

Galina Kaneva
