TWIMC,

My name is Vincent Hill, home address [REDACTED]

I wish to object to the Proposals in the Network Rail Stalybridge to Diggle TWA Order.

I live on [REDACTED], Grasscroft.

I am now aware of the proposed work to the railway line mentioned above and as a resident who will be affected by re routing or diverting of traffic, I am extremely concerned about the disruption this will cause to me my wife and family, my neighbours and other residents of Saddleworth.

I am also very concerned about potential safety issues involved by diversions which may affect Friezland School. The school is situated at the bottom of High Grove Road.

We have NO INFORMATION as to what diversions will be needed by the closure of the bridge at Greenfield Railway Station.

I believe the bridge may be closed for at least 20 weeks. This will clearly have a huge impact on traffic going into and through Uppermill. I know not whether High Grove Road will be used as a diversion, but if it is I cannot imagine the difficulties and dangers that will be experienced by the local residents.

The children attending Friezland school, their parents and carers, and the teachers and staff who work at the school could be put in danger by the sheer volume of traffic using the roads around the school. High Grove Road is not suitable for buses, heavy goods vehicles or large volumes of traffic,

We have had NO INFORMATION WHATSOEVER regarding any planned diversions in Saddleworth. That is a disgrace.

I know the work is necessary but please can we have some information and some CONSULTATION regarding the plans.

I am aware that the Pedestrian level crossing at Moorgate has already been closed. This a well used and vital right of way used by many people, not only residents but visitors to the area. Permanent closure of this crossing would be a disaster.

I have spoken to shopkeepers in Uppermill and I know that they have yet to be informed of future plans for access to village. Shocking!!

I submit this objection as a resident of Saddleworth but also as a user of the shops and businesses in Uppermill who I feel are being kept in the dark.

Vincent Hill.
