Subject: Objection to plans for a new busway from Abraham and the Biomedical campus in Cambridge

Dear Council,

I am a resident of Great Shelford. I object to the plan to build a busway from Babraham to the biomedical campus in Cambridge. It will have a very negative impact on the green belt, Gog Magog hills, Nine Wells nature reserve and the river Granta valley.

It will be very much cheaper and less harmful to the environment to build a bus lane along the A1307 with a spur road into the biomedical campus.

I beg you to arrange for this to be discussed at a public enquiry

Best wishes,

Prof Colin Morley MD FRCPCH
