Subject: Objection to Transport and Work Act Order to the Department for Transport (DfT) for a new busway linking Cambourne to Cambridge
Date: 07 January 2025 10:01:24

I, Julia Fletcher of [REDACTED] am writing to make a formal objection to the "Application for a Transport and Work Act Order to the Department for Transport (DfT) for a new busway linking Cambourne to Cambridge", as submitted by the Cambridge Greater Partnership on 12 November 2024.

I travel to Cambridge frequently and this development is simply not required. There are cheaper and far greener options available. An on-road alternative would be a more direct route, cheaper and far better for the environment. Cotton Orchard is an extremely precious habitat, it's the largest ancient orchard in East Anglia and is home to hundreds if not thousands of species that will simply be lost if this busway goes ahead. Transecting the orchard will fragment the habitat and thus not only are you losing the orchard torn out for the busway, it will also diminish the habitat and biodiversity of the 2 smaller, fragmented orchards that remain.

Regards

Julia Fletcher
