Subject: Ellenbrook Fields Access Objections
Date: 04 March 2026 14:15:08

I wish to advise you of my objections to the proposed new access points for Ellenbrook fields.

I have lived in my current house opposite the fields since 2000 and for the last twenty five years have walked this area. The proposal to reduce the number of access points to this beautiful area will increase footfall onto the others. If you walk this area you will understand how muddy it gets and this will get worse with more people walking a smaller area/reduced number of paths.

I can also not see how I can continue to use the runway area with wheelchair or push chair if this has been removed, discriminating the section of society.

Please reconsider the access points because the higher mounds will restrict the views across this area of natural beauty, whilst damaging the habitat for wildlife.

Kind Regards

Clare Mulvaney
