I was horrified to discover that your railway upgrade at Greenfield will involve the closure of the road for 20 wks. I do understand that this work is necessary but please can further consultation be made to consider the impact this will have on traffic in the area all the surrounding roads are very narrow and cars parked along most of them Thus an extensive oneway system will be needed to keep traffic moving. Perhaps you have already considered the consequences of your road closure but on behalf of an Uppermill resident please try and minimise the impact on our community as much as possible
Yours Sarah Adams. Shawfields House Shaws Uppermill
