Chris and Christine Sunderland, [REDACTED]

We wish to object to the proposals of Network Rail Stalybridge to Diggle TWA Order.

We have seen no details as to diversions from Oldham Road into Uppermill. We are concerned that no communication has been made about detours or provision for traffic impact on local roads around Greenfield, including Well-i-Hole Road. We are also concerned about the impact on emergency services in this area as we have , living here, noticed that there is a large amount of emergency vehicles on our road.

We feel it would be good practice to inform people living in the direct area of the road closure and subsequent diverted routes.

There is also some concern about the Moorgate level crossing closure as the new crossing would be, it seems, a more dangerous crossing for walkers.

Chris and Christine Sunderland
