- *To whom it may concern,*

  *I wish to object to the proposals in the Network Rail Stalybridge to Diggle. TWA order.*

  No detail has been given as to what the diversions will be and that emergency service access will be compromised by the traffic diversions, many on narrow roads.

  I am a resident of Saddleworth and would also like to point out that the very well used pedestrian level crossing at Moorgate has been closed the originally proposed footbridge has been cancelled; this will cause permanent, considerable problems to residents and visitors and offering only a very dangerous alternative footpath route in its place. In particular the new route for walkers would be to use Footpath 244, which is

- 
  - Steep and dangerous at the top
  - Extremely dangerous at the bottom out on to the main road with no real pavement and no view of oncoming traffic
  - A diversion of nearly ½ a mile
    Please consider the issue raised
    Regards
    Christine Khiroya
